Education

Master of Science in Mathematical Sciences

African Institute for Mathematical Sciences (AIMS), Rwanda
Mastercard Foundation Scholar

September 2024 - June 2025

Bachelor of Science in Applied Mathematics, CS & Statistics

University of Antananarivo, Madagascar

2020 - 2024

Awards and Honors

Mastercard Foundation Scholar

AIMS Rwanda

September 2024 - June 2025

Miss Geek Madagascar 2025

National winner

Represent Madagascar with an AI-powered traffic monitoring project during Miss Geek Africa 2025, Kigali

October 2025

Research Experience

Master Thesis - Computer Vision for Traffic Monitoring [\[Report Work\]](#)

Supervisor: Prof. Abebe Geletu W. Selassie, German Research Chair, AIMS Rwanda.

April 2025 - June 2025

- Model deployment on Raspberry Pi 4 for real-time vehicle speed estimation (**Python/PyTorch**).
- Quantified the accuracy-efficiency trade-off of INT8 quantization.

Research Fellow

Research Apprentice in Data Science, jointly with AIMS Rwanda, Work Integrated Learning Program

January 2026 - May 2026

- Analyzed health data to support evidence-based decision-making.
- Collaborated with the Monitoring, Evaluation & Learning team to design Africa youth employment programs (**Power BI**).

Professional Experience

Data Scientist

Regard Beauty, Ampahibe, Madagascar

August 2025 - January 2026

- Analyzed sales data and customer behavior to optimize product targeting and channel performance.
- Built ML models and dashboards that drove sales campaign recommendations.

Presentations

Invited Speaker

Workshop: AI Methods for Real-World Applications, Kigali, Rwanda

Presented thesis research on computer vision to an audience of academics and industry professionals.

June 2025

Exhibitor

Transform Africa Summit (TAS) 2025, Conakry, Guinea

Showcased AI traffic monitoring project at a pan-African tech summit.

Nov 2025
